women and chil-  
dren."

## NO REFERENCE TO CRIMES THAT CAUSED LYNCHING

Gov. Dorsey Calls on Better  
Element of Negroes to Pre-  
vent Unspeakable Crimes

(International News Service.)  
Atlanta, May 24.—Replying to resolu-  
tions adopted by the colored welfare  
league of Augusta, in respect to the  
recent lynchings in south Georgia, Gov.  
Dorsey calls the attention of the ne-  
gro organization to the total lack of  
any reference in these resolutions  
either in condemnation or otherwise  
to the atrocious crimes which were the  
undisputed cause for the resort to  
lynch law.

The governor also points out the  
vigorous steps he had already taken  
before receiving the resolutions, in-  
cluding the dispatch of state guards  
to Valdosta and the offering of large  
rewards for conviction of those who  
took part in the lynchings.

Calling upon the colored race to take  
positive action towards preventing the  
recurrence of the horrible form of  
crime which is, in the great majority  
of cases, the reason for the arousing  
of mob violence and the invocation of  
lynch law, Gov. Dorsey says:

"Whenever the law-abiding element  
of the negro race shall convince the  
lawless among them that the guilty  
parties will not be shielded or shel-  
tered, but will be delivered to the ef-  
ficers of the law, such unspeakable  
crimes as those which shocked the  
state so recently will no longer occur  
to stir race prejudice and resentment  
beyond immediate control."

"I am confident," says the governor,  
"that the failure of your resolutions  
to incorporate this doctrine was inad-  
vertent and am equally sure that you  
will be prompt to avail your organiza-  
tion of the only practical method by  
which they can be of real assistance  
to the executive department of this  
state in its efforts to discourage  
lynchings and to maintain the su-  
premaccy of our courts."

## FRECKLE-FACE

Sun and Wind Bring Out Ugly  
Spots—How to Remove  
Easily.

Here's a chance, Miss Freckle-face,  
to try a remedy for freckles with the  
guarantee of a reliable dealer that it  
will not cost you a penny unless it re-  
moves the freckles; while if it does  
give you a clear complexion the ex-  
pense is trifling.

Simply get an ounce of ointment—double  
strength—from any druggist and a few  
applications should show you how easy  
it is to rid yourself of the homely  
freckles and get a beautiful complex-  
ion. Rarely is more than one ounce  
needed for the worst case.

Be sure to ask the druggist for the  
double strength ointment, as this is the  
prescription sold under guarantee of  
money back if it fails to remove  
freckles. (Adv.)

## U-BOAT MENACE HAS BEEN 'CURBED'; TOLL DECREASED BY NEW DEVICES

(Albert W. Fox in Washington Post.)

Convincing evidence of the slow  
but sure curbing of the submarine  
menace, was forthcoming from the  
navy department yesterday simulta-  
neously with the publication of the  
British admiralty's monthly statement  
showing that ship tonnage lost during  
the month of April was 220,708 tons  
of British shipping and 41,393 tons of  
allied and neutral shipping.

The navy department's informa-  
tion is that this last record of sink-  
ings shows a further falling off of ap-  
proximately 25 per cent. from the  
average sinkings during the months  
of last winter. The total figure for  
April is 305,102 tons. The average  
sinkings during the winter months  
was approximately 400,000 tons.

**Closing Bases Hampers U-Boat.**  
It is indicated by naval officials  
here that the amount of tonnage sunk  
has still further fallen off since the  
April figures were compiled, and that  
the British raids on Ostend and Ze-  
brugge have had much to do with cut-  
ting down these undersea ravages.

Reports received here show that the  
bottling up—or partial bottling up—  
of these U-boat bases by the sinking  
of obsolete British cruisers laden  
with concrete has greatly embar-  
rassed the German plans.

Other factors which are contribut-  
ing greatly toward keeping the total  
of sinkings down are the following:  
The steadily increasing number of  
destroyers and anti-U-boat craft op-  
erating in the war zone.

**Production Surpasses Losses.**  
The success of certain devices now  
being employed against the U-boats,  
particularly one American device.

The increased efficiency of the per-  
sonnel of the British and American  
navies in the work of hunting out U-  
boats, and the thoroughness of the Ger-  
mans had laid their plans for effec-  
tively sapping the British food sup-  
plies fast enough to bring about a  
most serious situation. But the  
U-boats have been unable to live up  
to their part of the work and are now  
getting results which are steadily but  
surely decreasing.

The German boast to cut off com-  
munication between America and Eu-  
rope by means of her submarines has  
likewise failed. The latest figures  
now show that the German subma-  
rine campaign, despite every effort to  
maintain its effectiveness by increas-  
ing the number and size of the U-  
boats, etc., is yielding only about 75  
per cent. of the results which the  
German government counted upon.

**Hoped to Starve England in 1917.**  
It is evident now that Germany  
based all her calculations on her ability  
to sink 1,000,000 tons per month.  
With unvarying thoroughness the Ger-  
mans had laid their plans for effec-  
tively sapping the British food sup-  
plies fast enough to bring about a  
most serious situation. But the  
U-boats have been unable to live up  
to their part of the work and are now  
getting results which are steadily but  
surely decreasing.

The German boast to cut off com-  
munication between America and Eu-  
rope by means of her submarines has  
likewise failed. The latest figures  
now show that the German subma-  
rine campaign, despite every effort to  
maintain its effectiveness by increas-  
ing the number and size of the U-  
boats, etc., is yielding only about 75  
per cent. of the results which the  
German government counted upon.

**Expected 2,000,000 Tonnage Gain.**  
The British figures, communicated  
to the United States government, in-  
dicate that at the present rate of de-  
struction by U-boats there will be  
something like 3,700,000 tons lost dur-  
ing the year 1918. But if the rate of  
destruction falls off as it shows signs  
of doing the actual figure may be con-  
siderably lower than this. However,  
on the basis of 3,700,000 tons lost, the  
allies and the United States will still  
have gained approximately 2,000,000  
tons of shipping by the end of the  
year without counting requisitioned  
Dutch ships or chartered Japanese  
and Norwegian vessels.

The figures of the French admir-  
alty are even lower than the figures  
compiled by the British. The French  
figures give 386,277 tons as the loss  
for last December, 302,459 tons for  
January, 332,525 for February, 353,660  
for March and 268,704 tons for April.  
**German Fall Short of Goal.**

Whether these figures are taken as  
final or the British figures, which are  
higher, the fact remains that the U-  
boat sinkings have fallen off in a re-  
markable degree in comparison with  
last year. In April and May of last  
year the Germans admittedly came  
close to carrying out their plan to  
sink 1,000,000 tons per month.

This estimate of 1,000,000 tons was  
made by the German admiralty when  
ruthless submarine warfare was in-  
stituted on Feb. 1, 1917. Count Von  
Bernstorff, then German ambassador  
to the United States, stated publicly  
that the sinkings would at least total  
1,000,000 tons per month and prob-  
ably would be more. The German  
government predicted that Great Brit-  
ain would be starved into submission  
in eight months, beginning  
Feb. 1, 1917.

## CAPTAIN BURNS TELLS HIS STORY

Nothing Did Wife Any Good  
but Tanlac.

Gained 16 Pounds on Only  
Three Bottles.

"It Is Really Astonishing What  
Tanalac Will Do," He  
Declares.

"My wife gained sixteen pounds on  
Tanalac and don't look like she was  
ever sick a day, and I gained several  
pounds on one bottle and feel like a  
new man," said Capt. W. B. Burns, 640  
Twelfth street, Augusta, Ga.

"It is really astonishing what Tan-  
lac will do," he continued. "My wife  
was sick a long time and took treat-  
ments and medicine all the time, but  
nothing seemed to do her any good.  
Finally she just had to give up and  
go to bed and I got Tanlac for her. It  
went after her trouble from the start  
and after taking three bottles, she was  
as well as ever in her life and had  
gained sixteen pounds besides."

"As to myself, I had suffered from  
indigestion, nervousness and disor-  
dered kidneys until I was about ready  
to quit and give up my run altogether.  
My head ached for three weeks at a  
stretch and I was simply so rundown  
that I could hardly go. Seeing what  
it had done for my wife, I tried Tan-  
lac too, and it has straightened me out  
in a hurry. I never have a sign of in-  
digestion or headache, my kidneys are  
in fine shape and there's not an ache  
or pain about me."

Tanalac is sold in Chattanooga exclu-  
sively by the Live and Let Live Drug  
Co.—(Adv.)

## HAD PELLAGRA, IS SAVED FROM GRAVE

Woman Sure She Would Have  
Beep in Her Grave Without  
Baughn's Treatment.

Mrs. Harriett Lowe, Aberdeen, Miss.,  
writes: "I am more than grateful to  
you for your valuable Baughn's Treat-  
ment. I am doing fine and can't say  
enough to your credit. I am quite sure  
I would have been in the grave with-  
out it."

Don't you suppose this letter made  
us feel good to know we had saved a  
life? Many such lives have been  
saved. Baughn's Pellagra Treatment  
has saved many from the grave. So  
sure are we that it will cure pellagra,  
that we supply the treatment on the  
basis of refunding the money in case  
the customer is not fully satisfied.

Your worst crime is delay. Don't  
delay. Write today, right now, to  
American Compounding Company, Box  
2025, Jasper, Ala., and get Baughn's  
big free booklet on pellagra, remem-  
bering the money is refunded in any  
case where the remedy fails to cure.  
(Adv.)

**NEVER FAILS TO END  
MISERY OF PILES**  
Stops Itching at Once.

"Hundreds of people in this vicinity,"  
says Peterson, "know of the mighty he-  
aling power of PETERSON'S OINTMENT  
in eczema, salt rheum, old sores, itching  
skin, ulcers, pimples and all diseases of  
the skin. They know it cures these ail-  
ments—that it is guaranteed to cure  
them."

Now I want to say to every sufferer  
from piles, either blind, bleeding or itch-  
ing, that I will guarantee that a 30-cent  
box of PETERSON'S OINTMENT will re-  
turn your money.

"For years I suffered terribly with it-  
ching and bleeding piles. I tried every-  
thing and despaired of ever getting rid  
of them. It gives me great pleasure to  
state that Peterson's Ointment entirely  
cured me, and I sincerely recommend it  
to all sufferers." Yours truly, David A.  
Reynolds, Supt. of Parks, Buffalo, N. Y.  
(Adv.)

**Men Welcome  
Mother's Friend**

A Duty that Every Man Ows to Those  
who Perpetuate the Race.

It is just as important that men should  
know of proper methods in advance of  
motherhood. Suffering, pain and distress  
incident to childbirth can be avoided by  
having at hand a bottle of the time-  
honored preparation, Mother's Friend.

This is a penetrating external application  
that relieves the tension upon the muscles  
and enables them to expand without pain-  
ful strain upon the ligaments and nerves.

Thousands of women for over half a  
century who have used Mother's Friend  
tell how they entirely avoided nervous  
spells and nausea and preserved a  
bright, happy disposition that reflects  
wonderfully upon the character and dis-  
position of the little one soon to open its  
eyes in bewilderment at the joy of his  
arrival.

By regular use of Mother's Friend dur-  
ing the period the muscles are made and  
kept pliable and elastic. They expand  
easier when baby arrives, and pain and  
danger at the crisis is naturally less.

You can obtain Mother's Friend at any  
drug store. It is for external use only,  
is absolutely safe and wonderfully effec-  
tive. Write to the Bradford-Regulator  
Co., E-174, Lamar Bldg., Atlanta, Ga.,  
for your valuable and instructive "Moth-  
er's Friend" of guidance for expectant  
mothers, and remember to get a bottle of  
Mother's Friend at the druggist's today.  
It is the greatest kind of help to nature  
in the glorious work to be performed.  
(Adv.)

**PANHANDLE PRESS MEETS**  
(International News Service.)  
Amarillo, Tex.—The Panhandle Press  
association, composed of news editors  
from all parts of the Panhandle coun-  
try, began its annual session here to-  
day. A strong program with speakers  
of national reputation has been ar-  
ranged.

**BLIND KNIT SOCKS.**  
(International News Service.)  
Albany, N. Y.—Blind workers of the  
Albany Association of the Blind have  
turned in fifty-seven pairs of socks to  
the Red Cross for the "boys abroad."

**FORESTER DELEGATES ARRIVE**  
(International News Service.)  
Springfield, Mass.—Nearly 1,000 de-  
legates have arrived here for the open-  
ing of the thirty-ninth annual con-  
vention of the Massachusetts Catholic  
Order of Foresters. The delegates rep-  
resented 241 courts. Many problems  
in regard to the war are to be dis-  
cussed.

**NEW COMMANDER ARRIVES**  
(International News Service.)  
Boston.—Brigadier-General J. W.  
Ruckman, the new commander of the  
department of the northeast, arrived  
here today to take command of this  
department. He was met by Brig-  
adier John A. Johnston, who goes to a  
southern camp to lead a division to  
France in the near future.

cussed.

**PANHANDLE PRESS MEETS**  
(International News Service.)  
Amarillo, Tex.—The Panhandle Press  
association, composed of news editors  
from all parts of the Panhandle coun-  
try, began its annual session here to-  
day. A strong program with speakers  
of national reputation has been ar-  
ranged.
